Does God Care? Quandary – Part 1

Life Group Study Notes

It is one of the questions plaguing humanity. Why does evil exist? Why does humanity, and the entire creation for that matter, suffer under its weight?

The problem is not new and it has even challenged the most ardent believer. For those who do not believe, it continues to be an insurmountable barrier. In this message we are introduced to the prophet Habakkuk, who took his questions concerning evil directly to God.
