Mark 5:21-43

Life Group Study Notes

Study based on Mark 5:21-43 – Oct 1, 2017

Life with others is messy, especially when their needs become overwhelming. What does life at 3mph teach us about trusting God, having faith, and caring for others?

Study – Discovering What the Bible Says

1. What is one thing that stood out for you from last week's study?
2. Have you ever experienced a miracle? How much did it impact your worldview and your understanding of faith?
3. What statement do you believe represents the current cultural reality best:
 - a. Miracles are happening all around us but we don't always recognize them,
 - b. Collective faith is not what it used to be so the soil needed for miracles is not what it used to be?
4. There are two separate incidents reported in this section. Take a few moments to list the differences between the main characters in each? Is the contrast meant to teach us something?
5. What makes the healing of the woman so unique?
6. Take time to discuss the closing verses in the raising of the 12 year old girl and why they are significant in understanding the person of Jesus?
7. List the 4 points of the 3MPH blueprint?
 - a.
 - b.
 - c.
 - d.
8. Are there any other comments or lessons from the message you want to discuss?
